

TECHNICAL DATASHEET

SAFETY GLOVES, CATEGORY I, ART. 1468P

**Description:**

Five-finger gloves made of white polyester knit, with white polyurethane coating on the fingertips. Elastic knitted cuff, total length cca. 250 mm. Perfect fit on the hand, very good grip in dry conditions and very good tactile sensitivity.

Field of use:

Flexible gloves that allow good dexterity of the hand. It is used for handling small parts with a small degree of roughness, without sharp edges.

Performance:

The gloves comply with the essential safety and health requirements contained in European Regulation (EU) 2016/425 and the harmonized European standard EN420: 2003 + A1: 2009.

User instructions:

Before each use, visually inspect the gloves for possible defects: if tears / holes / loose parts appear, the gloves should be removed from use.

Maintenance:

The gloves will be washed with warm water and usual detergent, after which they will dry naturally, under the action of air currents. Do not clean with solvents.

Storage:

Storage is done in the original packaging, at temperatures between + 10 ° C and + 25 ° C, away from direct heat sources. Avoid the direct action of sunlight.

Service life:

The duration of use cannot be specified, it may differ depending on the actual working conditions. If tears / holes / loose parts appear, the gloves are removed from use.

Packaging: bundles of 12 pairs.

Marking: on the sewn product label: manufacturer name, article number, size, CE marking, category and standard of reference, batch number, year of manufacture.
